

SWINTEC SW-20

For any kind of business, any place at all.

Even if your retail business runs in places where electricity doesn't, the Swintec SW20 is on the job. Because this electronic cash register offers the flexibility of battery operation, your business can keep running smoothly wherever you go.

Highlights :

- AC adaptor (included) or battery operation (4 "C" batteries, not included)
- Pre-programmed prices help save time and key strokes by allowing quick repeat of multiple items
- Dual departments
- 9-digit fluorescent display
- Management reports for summarized breakdowns of registered sales by dept., tax category, etc.
- Running grand total
- Lockable cash drawer
